Dear Dr. Charalambos,

I am delighted to share some exciting news regarding your recent paper titled "p5.quadrille.js: P5.js quadrille library," has been nominated and recognized for its outstanding contribution and is being considered for a feature in our next the Science Featured Series on sciencefeatured.com.

Our platform reaches a vast global audience, including esteemed professors, researchers, and scientists. Articles that are highlighted in our series often experience a surge in visibility and citations.

Should you accept our invitation, a seasoned writer from our team will draft a feature based on your article, ensuring alignment with your research's integrity. The final piece will only proceed with your approval, ensuring that it reflects your standards and expectations.

If you're interested in learning more about the next steps or have any specific questions, please let me know.

For additional details and nomination fee, you might also visit our FAQs at: <https://sciencefeatured.com/faq>

Best,

Thomas Davis, Ph.D.,

VP Scientific Affairs,
